are defined in the certification decision.

### The management system covers:

Truesec is an expert company that focuses on IT security, infrastructure, and secure development. During the years in which we have operated our business, we have succeeded in creating a team consisting of experts in their respective fields. Our passion for following, testing, and challenging the development of cybersecurity is the source of our motivation. Today, we engage in wide-ranging activities including critical assignments related to national security and infrastructure, lectures at large international conferences, research assignments and investigations, and assisting in cases of acute incidents

Michael Persaud, CEO
